HIGH-EFFICIENCY HAND DRYER - 950W

- Ensure your customers and employees can dry their hands without touching frequently-used levers with this high-efficiency hand dryer! For your convenience, the quick 14 second dry time is matched with an energy efficient maximum requirement of 950W during use, keeping hands dry, and your energy bill low. Plus, with variable heat settings, the unit allows you to choose between high, medium, low, and no heat, providing you with even more control over your energy consumption.
- Made of durable, white ABS plastic with an antimicrobial additive to keep its surfaces sanitary, the dryer is designed to be surface mounted. It features adjustable speed and sound control to offer more versatility and a washable pre-filter to enable greater sanitation. This unit requires a 208/277V electrical connection for operation.
- Width: 9 5/32"
- Depth: 4"
