Anderson 65W GaN Wall Charger

High-Power Rapid Charging Performance

The Anderson 65W GaN Wall Charger is a high-performance power solution engineered to deliver rapid energy to smartphones, tablets, and high-demand laptops. With a robust 65W output, this charger provides the necessary wattage to power up your devices with maximum efficiency, significantly reducing charging times and ensuring your essential technology remains operational throughout your busiest days.

Cutting-Edge Gallium Nitride (GaN) Technology

Utilizing advanced GaN (Gallium Nitride) technology, this charger represents a major leap in power electronics. This innovative material allows the Anderson charger to be significantly smaller, more energy-efficient, and operate at lower temperatures than traditional silicon-based chargers. Despite its high power output, it maintains superior thermal management and long-term durability, providing a safer and more reliable charging experience.

Versatile and Travel-Optimized Architecture

Designed for professionals on the move, the Anderson 65W GaN Charger features a sleek, lightweight profile and a highly practical foldable plug. This compact form factor ensures it takes up minimal space in your laptop bag, backpack, or carry-on luggage. Whether you are working from a home office, a corporate environment, or an airport lounge, its portable design makes it the ultimate all-in-one charging companion.

Intelligent Safety and Universal Compatibility

Equipped with MultiProtect safety features, the Anderson charger provides comprehensive defense against overcharging, overheating, and short-circuiting. Its PowerIQ technology intelligently identifies connected devices to deliver the fastest possible charge, potentially saving you up to an hour of wait time. With universal compatibility, this single adapter can effectively replace multiple chargers, providing a streamlined and secure solution for your entire tech ecosystem.

Technical Specifications and Port Configuration

The Anderson 65W GaN Wall Charger is equipped with a versatile triple-port configuration, including two high-speed USB-C outputs with Power Delivery and one standard USB-A output. This setup allows you to charge multiple devices simultaneously without sacrificing speed. The unit is designed for global utility, featuring a high-speed interface that supports a wide range of voltages to accommodate everything from low-power earbuds to high-performance laptops.

Anderson 65W GaN Wall Charger

User Documentation

Product	AAT-WCG96-024
Color	Black
Product Dimension	1.26in x 1.54in x 2.99in
Product Weight	4 oz
Imprint Method	Blank, UV Printing Full Color
Imprint Area	2.36in x 0.91in
Imprint Location	Front Side, Both Side
Digital Proof	$20(P) (Required)
Minimum Qty	25

Unit Price on (P)

Qty	**25**	**50**	**100**	**250**	**500**	**1000**
Price	$84.98	$79.80	$78.08	$76.46	$74.78	$73.22
