Custom Printed Horizontal Faux Leather Holders

Introducing our Faux Leather Badge Holder, a stylish and versatile accessory designed to meet your identification needs with a touch of sophistication. The holder boasts dimensions of 4 2/5"x2 4/5" (112x71mm), providing ample space for your identification cards or badges. Crafted from high-quality faux leather, this holder not only exudes elegance but also ensures durability for long-lasting use.

Optimal Insert Size and Dual-Purpose Design

With an insert size of 3 2/5"x2 1/8" (86x54mm), the badge holder accommodates standard-sized cards seamlessly. The dual-purpose design features a practical approach, offering functionality while maintaining a sleek appearance. The faux leather construction adds a touch of luxury, making it suitable for a range of professional and formal settings.

Diverse Color Palette and Attachment Options

Choose from a selection of five stock colors—black, blue, brown, red, and pink—to align the badge holder with your brand identity or personal preferences. For secure fastening and added convenience, we recommend attachments such as the bulldog clip, plastic hook, or lobster claw. These attachments not only ensure a reliable hold but also contribute to the overall aesthetic appeal of the badge holder.

Blank Canvas for Customization

It's essential to note that the holder comes blank without an insert, providing you with a blank canvas for customization. This intentional design feature empowers you to personalize the badge content according to your specific requirements. Whether it's company branding, event details, or individual identification, the customization options are extensive, allowing you to tailor the badge to your unique needs.

In summary, our Faux Leather Badge Holder combines style and functionality, offering a durable and elegant solution for your identification requirements. With a diverse color palette, recommended attachments, and the flexibility for customization, it provides a versatile accessory for professional and personal use.
